Statement of Purpose

The Westfield Public School District believes that all students should have access to technology when they act in a responsible, efficient, courteous and legal manner. Internet access and other online services, available to students and teachers, offer a multitude of global resources. Our goal in providing these services is to enhance the educational development of our students. All school Internet use is filtered and monitored.

Acceptable uses of technology are devoted to activities that support teaching and learning. The following are our agreements about the use of technology in the Westfield Public Schools.
