

2018–2019 MCAS Testing Schedule

Check www.doe.mass.edu/mcas/cal.html in fall 2018 for additional details on the MCAS testing schedule (i.e., make-up testing windows, test administration deadlines, recommended testing times) as well as the ACCESS for ELLs testing schedule. For planning purposes, note that test sessions in 2018–2019 will remain untimed.

¹There will be two test sessions for each of the MCAS tests for grades 3–8. The Department will review the amount of testing time used by students doing computer-based testing in 2018 to determine the recommended testing times for spring 2019. Also in preparation for 2019, the Department will update the STE test design information on the website over the next several months (for reference, the 2018 information for all grade 3–8 tests is <u>available</u>).

² Note that the tests in ELA and Mathematics for grades 3–8 and 10, and grades 5 and 8 tests in STE will be computer-based tests. (Exceptions to the CBT expectation will be made for students with disabilities and first-year English learners, who may require a paper-based edition as an accommodation.)

³ The spring grade 10 ELA and Mathematics tests will be next-generation, computer-based tests, and will contain two test sessions each. The <u>spring 2019 grade 10 ELA</u> and <u>spring 2019 grade 10 Mathematics</u> test designs are available.

⁴ Schools with technology constraints should use the primary administration dates for the maximum number of students who can test concurrently, and then use the secondary administration dates for the remainder of the students. Schools with special circumstances that cannot test all their students using the primary and secondary administration dates should <a href="mailto:emailt

⁵ Schools may not administer the field tests on June 4 or June 5, the prescribed dates for the operational high school STE tests.
